## EDUCATION

| Degree/Certificate | Institute/Board                          | CGPA/Percentage | Year         |
|--------------------|------------------------------------------|-----------------|--------------|
| B.Tech. Major      | Indian Institute of Technology, Guwahati | 7.67 (Current)  | 2024-Present |
| Senior Secondary   | CBSE Board                               | 94.8%           | 2024         |
| Secondary          | CBSE Board                               | 96.4%           | 2022         |

## PROJECTS

- CourseHub: Student Study Material Platform** June 2025 – Sept 2025  
*Coding Club, IIT Guwahati* Github
  - Architected and launched a full-stack study material platform using **React, Node.js, and Express**, centralizing past papers, tutorials, and lecture slides for students.
  - Provisioned and maintained production infrastructure on **AWS EC2**, integrating **Nginx** as a reverse proxy and **PM2** for robust process management.
  - Hardened application security by enabling **HTTPS via Let's Encrypt** (Certbot), configuring a custom domain with **AWS Route 53**, and **automating deployments** through GitHub Actions CI/CD pipelines.
  - Enhanced system performance by optimizing frontend rendering and backend APIs, enabling seamless access for **4,000+ active users** across IIT Guwahati.
- IITG HAB: Centralized Mess Management Platform** May 2025 – June 2025  
*Coding Club, IIT Guwahati* Github
  - Conceptualized and developed role-based admin and committee dashboards using **React.js** and **REST APIs** to manage mess menus, schedules, and attendance workflows.
  - Deployed and scaled the Node.js backend on **AWS EC2**, configuring Nginx, PM2, and HTTPS (Let's Encrypt) to deliver a secure and resilient production environment.
  - Implemented data-driven insights through an interactive analytics dashboard built with React.js and Chart.js, visualizing real-time daily attendance trends.
  - **Improved operational efficiency** by centralizing hostel data and automating attendance analytics for HAB administrators and hostel committees.
- Research and Industrial Conclave Website** May 2025 – Oct 2025  
*Research and Industrial Conclave, IIT Guwahati* Github
  - **Led Web Operations**, managing website infrastructure to ensure stability and optimal performance during high-traffic event periods.
  - Developed a dynamic homepage carousel with asynchronous updates and event countdowns to boost visitor engagement and highlight critical information.
  - **Delivered 9 interactive event pages** with seamless **REST API integration**, enabling real-time registrations and reliable data submission.
  - Implemented end-to-end modules for Accommodations and Attendee Registration, including backend routing and database persistence for efficient data handling..

## TECHNICAL SKILLS

- Programming Languages:** C++, JavaScript
- Web Development:** React.js, Node.js, Express.js, Tailwind CSS, MongoDB
- Deployment DevOps:** AWS EC2, Nginx, Route 53, PM2, HTTPS (Let's Encrypt/ Certbot)
- Version Control:** Git, GitHub

## ACHIEVEMENTS

- Qualified JEE Advanced with AIR 5850**, Among top 0.5% of candidates nationwide 2024
- JEE Mains – 99.63%ile (100% in Physics), AIR 6039**, Among top 0.3% of 11+ lakh candidates 2024
